BHA530/00

Multiple hairstyles with extra care

Use the Philips Air Styler 5000 for easy hair styles everyday. The warm air is evenly distributed throughout the brush, while ionic care helps your hair shine more.

Beautifully styled hair

- Three flexible heat and speed settings for easy control
- 30 mm retractable bristle brush for defined waves
- 38 mm ThermoBrush for smooth styles and waves
- Narrow concentrator for focused airflow
- Paddle straightening brush for naturally straight look
- Volumiser for more volume at the roots
- 5 attachments

Less Hair Damage

- Less overheating with Even Heat Distribution technology

Care and protect

- Care setting for better protection while drying and styling
- Argan oil- infused ceramic plates for smooth gliding
- Cool air setting for gentle drying
- 4 x more ionic care*

5000 Series

Air Styler

Highlights

Even Heat Distribution

The Even Heat Distribution technology provides maximum protection for your hair from overheating and thus helps to keep it looking healthy and shiny.

4 x more ionic care*

This airstyler gives your hair instant care with ionic conditioning. Charged negative ions eliminate static, condition the hair and smooth down the cuticles to intensify the hair's shine and glossiness. The result is hair that is beautifully shiny, smooth and frizz-free.

Three flexible settings

Enjoy the combined three heat and two speed settings which will create the perfect end result. You can choose between a low and high speed setting with 3 corresponding heat settings; Cool, Care and High. The flexible settings ensure a powerful airflow with a caring temperature for a precise and tailored styling.

Care setting

The 'Care' setting ensures the optimum drying temperature and guards against overheating. Hair still dries fast, with the same powerful airflow but at a constant, caring temperature.

Cool air setting

The Cool air setting uses low heat to gently dry your hair. It works especially well with fine, dry or damaged hair.

Argan oil-infused plates

The straightener uses ceramic plates infused with argan oil to make styling fast and effortless, with a gliding action that feels as silky smooth as your hair looks.

Retractable bristle brush

The 30 mm brush with retractable bristles is designed for easy styling. Turn the tip of the brush and slide it out for defined waves.

38 mm ThermoBrush

The ThermoBrush has an extra-wide diameter of 38 mm. The width of the barrel makes it the perfect styling tool for creating smooth styles and waves.

Narrow concentrator

Use the narrow concentrator for focused airflow for precise styling or touch-ups.

Paddle straightening brush

The paddle-shaped straightening brush is designed to help you create a naturally straight look in one go.

Volumiser

Create volume at the roots with a specially designed volumiser attachment.

Variety of styles and volume

This Air Styler features 5 attachments to create different styles - from a naturally straight look, to defined waves and volume at the roots.
